

# WE'RE HIRING!

## INTERMEDIATE SOLUTIONS DEVELOPER FULL-TIME, SALARY – CALGARY, AB

*Hey there! We're looking for an Intermediate Solutions Developer, familiar with .NET and other programming technologies – someone who plays well with others, works hard and enjoys problem solving. We needed you yesterday, so we're looking for someone who can start, pretty much, right away.*

This position requires a programmer who is self-motivated, independent and has strong communication skills. You need ample web development skills and an excellent grasp of web and database programming. The ideal candidate has at least 2-3 years of experience developing web applications, with a demonstrated history of delivering successful, completed projects.

### What you'll do:

- Design and develop web-based software applications,
- Integrate and build on third-party application platforms (eCommerce, CMS, CRM etc.),
- Contribute in all aspects of a development lifecycle (requirements gathering through to support),
- Work effectively within multi-disciplinary teams including client stakeholders, project managers, business analysts, designers and developers,
- Share knowledge and provide assistance across projects as needed,
- Work to improve development processes, and
- Help to support and grow existing client solutions.

### Ideally, you have experience working with:

- Database applications
- .NET, MVC, MS SQL 2005/2008/2012
- MS SQL Server
- Responsive web applications
- Tackling cross-browser compatibility issues
- ASP.NET ( C# ), XML/XSLT, HTML, Java Script, CSS
- Data and application modeling, logical/physical database design, UML

### Bonus points for:

- Microsoft Azure
- Amazon Cloud Platform
- Microsoft Certified Developer
- Mobile app development for iOS/Android

## Nice to meet you. We're Urban Lighthouse.

Urban Lighthouse is a Calgary-based application and web development company. We specialize in creating .NET web applications, such as asset management systems, CMSs and real-time auctioning websites. Our beautiful office is located in the Atlantic Avenue Art Block in historic Inglewood. Bonus.

At Urban Lighthouse, you'll have the chance to collaborate with a talented team of experienced developers and work on some really engaging projects (for really fantastic clients) that will see your development skills grow.

We offer a casual, team-oriented, open work environment that promotes learning, collaboration and skill improvement. We're a fairly small team, we work hard, but we also like to have fun (XBOX in the conference room!) Unless we're meeting with clients, every day is Casual Friday.

Learn more about us at [UrbanLighthouse.com](http://UrbanLighthouse.com).

We offer a competitive salary and health benefits.
